

More About Nothing Forgotten

The origin of Nothing Forgotten unfolded from the unexpected loss of Founder and President Laura Olivares' 33 year old brother, Anthony. The heart-breaking loss brought family members from all over the country together to grieve and support each other.

But as family members were forced to return to their respective homes after the funeral, Anthony's girlfriend Lisa was left to deal with all of his belongings on her own. She was left to make decisions about what to do with his book collections, clothes, memorabilia and even his pets.

Laura watched Lisa struggle with those decisions while trying to grieve the loss of her partner. The situation was heart-breaking.

Laura began offering the After-Death services through her already existent company B Organized in 2001. In 2011, on the 10 year anniversary of Anthony's passing, Nothing Forgotten was founded to allow those grieving to get the guidance necessary to overcome the physical and emotional obstacles that arise during the dissolution of a loved one's intimate belongings.

Client Testimonials

After losing my Mom when I was six, my Aunt was the last living connection on that side of the family, so it was important to me to handle things appropriately when she passed.

I was sure there was nothing of real value left in her home, after I went through everything, but because of the Team's thoroughness, they were able to find the only copy of my Aunt's wedding album, that has photos of both my Aunt and my Mom as adults and my Grandparents.

"I worked with the Nothing Forgotten team on my late parent's home. Their professionalism and methods were extraordinary. I can't imagine going through the experience without their assistance, humor and compassion. In many ways I have found working with them more therapeutic than traditional grief counseling. I highly recommend working with the Nothing Forgotten Team.
